Dear Sir:

EL PASO PRODUCTION COMPANY ("Applicant") hereby respectfully applies for a public hearing to consider evidence relative to the issuance of Orders pertaining to the following matters relating to the Hosston Formation, Reservoir A, and to the Cotton Valley Formation, Reservoir A, in the Bethany-Longstreet Field, DeSoto Parish, Louisiana:

1. To authorize Applicant to drill, designate and utilize one (1) additional alternate unit well each for HOSS RA SU12, HOSS RA SU11 and for CV RA SULL, at the locations shown on the attached plats, in exception to the spacing provisions of Office of Conservation Order No. 289-J, effective March 1, 1974 (applicable to the Cotton Valley Formation, Reservoir A), and Office of Conservation Order No. 289-A-g-3, effective October 7, 1977 (applicable to the Hosston Formation, Reservoir A).
2. To find that each of the proposed additional alternate unit wells is necessary to efficiently and economically drain a portion of the hydrocarbons underlying the unit on which it is proposed to be drilled which cannot be efficiently and economically drained by any existing well on such unit.
3. To permit the Operator of the units on which these additional alternate unit wells are proposed to be drilled to produce the allowables assigned to such units from either the unit well, any alternate unit well, or from any combination of such wells, at the option of the Operator.
4. To consider such other matters as may be appropriate and justified by the evidence presented at the hearing.
